DENVER

2022

Saul: My name is Saul Alfaro (he/him/his), and I am this year's Organizing Fellow. I started working in activism and Reproductive Justice in 2019 with New Era Colorado and entered COLOR's fellowship program as a Level Two Organizer. I never thought I would be involved in Reproductive Justice, but it has become my greatest passion when it comes to activism. Organizing and Reproductive Justice are my favorites because they are both multi-layered and complex, which are two qualities I have always enjoyed when working as an activist. I want to continue doing this work for as long as possible because there are always opportunities for learning more!

Previously, I was a LIPS participant and last year's Organizing Fellow! I am passionate about COLOR's mission to enable Latinx individuals and their families to lead safe, healthy, and self-determined lives. I am here to provide volunteers like you with the tools and opportunities you need to make your voice heard and be the change you want to see in your community.
