ABOUT US

Twenty-five years ago, our Madrinas, COLOR's Founding Mothers, envisioned a world where the Latinx community could lead successful, self-determined lives using an intersectional approach rooted in a human rights framework. In April 1998, they founded COLOR as a voice for Reproductive Justice in Colorado. As the first Latina-led reproductive justice organization in the state, we are celebrating this incredible milestone and casting our vision forward.

We cannot do this work without your support!

As the only Latina-led Reproductive Justice organization in Colorado, we work to advance reproductive justice for everyone in our state. COLOR's approach centers on intersectionality with the knowledge that no person leads a single-issue life. We challenge barriers that prohibit our community from leading successful, self-determined lives by furthering environmental justice, economic justice, racial justice, immigrant rights, and LGBTQIA+ liberation.

On April 27, 2023, we are celebrating 25 years of Reproductive Justice in Colorado! We are excited to celebrate this milestone with you and our community of supporters who have invested in the work of our organization and the future of Colorado.

Our movement has shown what it means to fight for justice and self-determination for ALL Coloradans. Especially after the overturning of Roe this past June, which stripped away the right to abortion nationally. But that didn't stop us, and it won't stop us from continuing to protect, expand and support the full range of care for everyone.

SPONSORSHIP OPPORTUNITIES
